Project Design Phase-II Data Flow Diagram & User Stories

Date	03 October 2022
Team ID	PNT2022TMID47077
Project Name	Plasma Donor Application
Maximum Marks	4 Marks

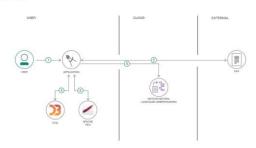

Data Flow Diagrams:

A Data Flow Diagram (DFD) is a traditional visual representation of the information flows within a system. A neat and clear DFD can depict the right amount of the system requirement graphically. It shows how data enters and leaves the system, what changes the information, and where data is stored.

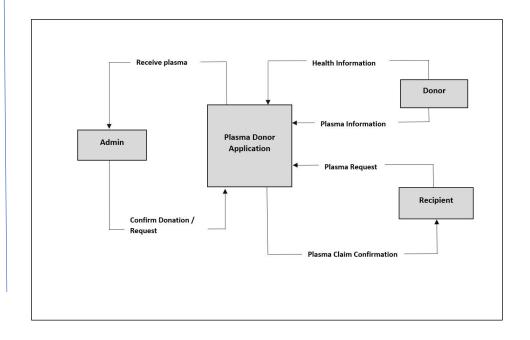

DFD Level 0

Example: (Simplified)

Flow

- User configures credentials for the Watson Natural Language Understanding service and starts the app.
- 2. User selects data file to process and load.
- 3. Apache Tika extracts text from the data file.
- 4. Extracted text is passed to Watson NLU for enrichment.
- 5. Enriched data is visualized in the UI using the D3.js library.

User Stories

Use the below template to list all the user stories for the product.

User Type	Functional Requirement (Epic)	User Story Number	User Story / Task	Acceptance criteria	Priority	Release
Customer (Mobile user)	Registration	USN-1	As a user, I can register for the application by entering my email, password, and confirming my password.	I can access my account / dashboard	High	Sprint-1
		USN-2	As a user, I will receive confirmation email once I have registered for the application	I can receive confirmation email & click confirm	High	Sprint-1
		USN-3	As a user, I can register for the application through Facebook	I can register & access the dashboard with Facebook Login	Low	Sprint-2
		USN-4	As a user, I can register for the application through Gmail	I can register and access dashboard with Gmail Login	Medium	Sprint-1

	Login	USN-5	As a user, I can log into the application by	I can receive confirmation	High	Sprint-1
			entering email & password	mail and register		
	Dashboard	USN-6	As a user, I can browse the dashboard by	I can access the resources	High	Sprint-1
			logging in before	in the dashboard		
Customer (Web		USN-7	As a user, I can login to the application and	I can see the information	Low	Sprint-2
user)			see the categories of donor and recipient	about the donor and		
				recipient		
Customer Care		USN-8	As a user, I can see the feedback and	I can rectify the problem	High	Sprint-1
Executive			comment	that are commented in the	_	
				feedback session		
Administrator		USN-9	As a user, I can see the availability of donor	I can update the donor	Medium	Sprint-1
			information	information		
		USN-10	As a user, I can see the demand of the donor	I can fix the required donor	Medium	Sprint-1
			by the recipients request	for the requested recipients		
		USN-11	As a user, I can inform the donor and	I can notify the donor and	Medium	Sprint-1
			recipients of the date and time to donate	the recipients		
		USN-12	As a user, I have the information of previous	I can notify them to donate	Low	Sprint-1
			donors and recovered covid patients	again
